

Need paper?

We'll be buying paper for 3 local schools!

Last year Stark Federal Credit Union provided one million sheets of paper to three local schools: Louisville Middle School, Hoover High School, and STEAMM Academy at Hartford Middle School. These schools received the most votes in an online poll from principals, teachers, parents and many other residents of Stark and Carroll Counties.

Because of the overwhelming response, we are excited to run the contest again this year. The schools have to be kindergarten through high school in Stark or Carroll Counties. They can be either public or private. The school with the most votes will receive 500,000 sheets of paper. Second and third place schools will receive 250,000 sheets. Please spread the word about the contest through social media, emails and parent-teacher organizations.

Voting will take place at onemillionsheets.com
Sunday, Sept. 24th to Saturday, Sept. 30th

GOOD LUCK!
